

**Greasbrough Primary School**  
**Covid Catch up Recovery Premium spending plan 2020-2021**

The government announced £1 billion of funding to support children and young people to catch up lost time after school closure. This is especially important for the most vulnerable and disadvantaged backgrounds. This funding includes:

- a one-off universal £650 million catch up premium for the 2020 to 2021 academic year to ensure that schools have the support they need to help all pupils make up for lost teaching time
- a £350 million [National Tutoring Programme](#) to provide additional, targeted support for those children and young people who need the most help, which includes:
  - a schools programme for 5 to 16-year-olds – for more information, see the [National Tutoring Programme FAQs](#)
  - a [16 to 19 tuition fund](#)

Schools should use this funding for specific activities to support their pupils to catch up for lost teaching over the previous months, in line with the curriculum expectations for the next academic year in [actions for schools during the coronavirus outbreak](#).an oral language intervention programme for [reception-aged children](#).
